ABBREVIATIONS USED

UT:	Ultrasonic Test	Witness Point (W)	An activity designated by OWNER, TPA and PURCHASER, which requires witnessing by OWNER, TPA and PURCHASER as the activity will be performed after proper notification has been provided. VENDOR is not obliged to hold further processing, if OWNER, TPA and PURCHASER are not available to witness the activity or does not provide the comments before the date related activity. Basis of acceptance shall be as per relevant technical specification.
PT:	Liquid Penetrate Test		
RT:	Radiographic Test		
WPS:	Welding Procedure Specification	Hold Point (H):	An activity designated by OWNER, TPA and PURCHASER in the approved ITP which requires inspection/verification and acceptance by OWNER, TPA and PURCHASER before proceeding to any further steps. VENDOR shall not perform any activities/items beyond a Hold Point without written approval by Relevant parties when obtaining prior written permission for proceeding to further steps
PQR:	Procedure Qualification Record		
PWHT:	Post Weld Heat Treatment	Review / Approval	RA means that documents reviewed by involved party shall be signed and stamped as reviewed and approved. Where a document is subjected to party approval, next steps of work shall not proceed until related party approved is obtained.
WPQCs:	Welder's performance qualification certificates		
Spot witness: (SW)	Inspection and witnessing an activity during presence time of the inspection in the shop for other notified R/W/H points. No notification is required.	Supplier or Vendor or Manufacturer	Any person, firm or business which manufactures or supplies. Materials, equipment or services for the performance of any item of WORK.
